

Catalog# 14

**Last Rose of Summer(TB) (Donna Lou)**

Chestnut Thoroughbred mare

Registration # 9121649

May 20 1991

Donna Lou has produced three tall foals that are very friendly and correct. Her foals appear to be nice hunter types. The foal at her side is by Galouet. She is being bred to Magnum for a 2009 foal. She is a very nice mare, so quiet, so sweet and easy to work with and good confirmation. The thoroughbred sire – Travelling Victor is a well known sire for producing great race horses and hunters. This mare has very sought after thoroughbred bloodlines if you are interested in Racehorse breeding.
