

Catalog# **19**
 Bay Dutch warmblood colt

Clinton
 Born June 19th 2007

Clinton is a well developed and tall colt with very correct movement and a wonderful personality. He is full warmblood with both Holstein and Dutch bloodlines. He has Highlight, the wonderful show jumping stallion in his background and Cassandro, Argus and Zantos! This is very interesting breeding and Clinton has the bloodlines to be a breeding stallion prospect, a high performing Hunter prospector or you pick your discipline – he is bred to do it all!.
