

Apollo

Grey TB gelding Born: 2001

This sweetheart thoroughbred gelding is suitable for a beginning amateur who wants a horse to put some polish on – he is very easy going, un complicated, calm, relaxed and friendly in a good way. He stands quietly while tacking up, good for farrier, bathing, trailering etc. He is showing good talent over fences and has a fantastic forward and free moving trot. Approximately 15.3hh. You would never think this is a thoroughbred based on his attitude and behavior. Apollo needs a home with someone who will further his training and then start some schooling shows with him.
