Amorette

Grey Dutch Warmblood mare

Born: June 16th 2003

Beautiful grey – so many love this colour and this mare is lovely. Very sweet natured and learns quickly. Recently started, but back out in the pasture. This mare is ready to get busy – she needs a job and looks to be a nice Hunter prospect. Nice, correct confirmation and has a fantastic trot and a scopey jump in the chute. She also has the very trainable Alamo bloodlines in her pedigree. Certificate of Identification
