

Catalog# **38**

**Rex**

Bay Dutch Warmblood gelding

Born: July 10<sup>th</sup> 2001

Rex has wonderful scope in the jumping chute and has been started in his training. He is super friendly and loving, but needs some good consistency in his training. He hasn't had the regular training to make him into the fantastic horse he could be. With the right rider/trainer, this horse will go very far in the jumper ring. His sire is showing successfully as a Jumper in Idaho. He certainly has the pedigree to jump! Certificate of Identification
