

Catalog# **4**

**Tangela BC-491-88 A**

Dark brown/Black Dutch Warmblood mare

Born: May 10<sup>th</sup> 1988

Tangela has produced many fine foals in her career as broodmare. All her offspring sell no matter the sires! Her foals are correct, talented and easy to work with and have great personalities. Tangela has fantastic bloodlines – Zantos, a well known Dutch WB sire, Wamieka, the imported full sister to the famous Calypso, a well known sire in Holland. She is full sister to Big Boy, a well known show and breeding stallion in Washington State. And on the Dam’s side, you will find some rare Gelderland breeding with P. Turbo, an imported full Gelderland mare who was voted “Best Broodmare in North America” many years ago by the Dutch Breeders Assn.

The foal by her side is a lovely ½ warmblood ½ welsh filly, catalog# 3. If you have a breeding program, this mare will be a valuable addition. She is pasture sound only. Tangela is being bred to Magnum for a 2009 foal. Her other offspring in this sale are catalog#47 Harmony,#40 Rex and #35 Hilary.
